## Overview

---

- The Auction House is a place for buying and selling items. There are many different categories, each contain every marketable item currently for sale
- When you have selected a category to browse, you can view the items as well as their prices. You can use a series of [Commands](#) to buy items, and to interact with the Auction House
- When selling items, you must do this from your inventory, using the Money Bag icon

## Commands

---

The commands for this section can be found [here](#)

## Items

---

| Equipment                     |                                |                                  |                           |
|-------------------------------|--------------------------------|----------------------------------|---------------------------|
| <a href="#">Melee Weapon</a>  | <a href="#">Primary Weapon</a> | <a href="#">Secondary Weapon</a> | <a href="#">Armour</a>    |
| Useful Supplies               |                                |                                  |                           |
| <a href="#">Medical Items</a> | <a href="#">Drugs</a>          | <a href="#">Energy Drinks</a>    | <a href="#">Enhancers</a> |

|                  |        |           |          |
|------------------|--------|-----------|----------|
| Alcohol          | Sweets |           | Boosters |
| General Shopping |        |           |          |
| Plushies         | Plants | Jewellery | Fish     |
| Other Items      |        |           |          |
